

INTEGRATED BUSINESS INFORMATION SYSTEM (IBIS)

WiSMART Accounting String Survey

Wisconsin Department of Revenue

Organization Code	A four-character code identifying the organization unit within the department. The codes that are identified as (for reporting purposes only) cannot be used for recording transactions.
Sub-Organization Code	A two-character field that is not used at this time . It provides the capability for additional organizational detail but does not allow the coding of expense budgets at this level.
Activity Code	This is a four-character code that is not used at this time .
Reporting Category	This is a four-character code that is not used at this time .
Sub-Revenue Code	We do not use a sub-revenue code.
Sub-Object Code	This is a two-character field that is defined and maintained by the State Controller's Office. This extension of the object code provides greater detail on the expenditure being coded in the transaction.
Project	This is a eight-character field that is used for accumulating revenue and object data for specific projects. These projects have a beginning and end date and can accumulate data across fiscal years.
Sub-Project	This is part of the eight-character field mentioned above. The sub-project identifies the two digit Lottery game number, i.e. "12" Badger 5
